| Martha | My son spent 2 weeks at CTS Summer Camp this year. It was a new camp, so we weren't sure what to expect, but it quickly became apparent that they knew exactly what they were doing! My son was one of the older campers, so was a little bit hesitant to fully join in at first, but the counselors noticed his reluctance and began relating to him on more of a peer/helper level, which bridged the gap, resulting in a very positive camp experience! Lots of fun activities and outings, and as my son would say, you get a really cool shirt! ;) |
| Elizabeth | Wyatt really enjoyed his two weeks at Central Tech. He chose to list his top three reasons why with the following enthusiastic feedback, "Number one, nice camp counselors. Number two, you do different sports and activities EVERY day. Number three?... Fun! Fun! Fun!" |
| Anonymous | Each day was action packed and the excursions were great. My son had a blast every day and did not get bored with any activities or excursions... High value for the camp |
| Anonymous | Both boys had a great time at this camp, so much that they demanded to be sent back for an additional week! Well done everyone at CTS. Thank you! |
| Anonymous | The staff was fantastic! I felt that my son was safe and well cared for and that the programming was engaging. I really appreciated the high level of communication about the camp schedule, events and outings |
